

Lighthouse - Ballina - NSW

The Richmond River Lighthouse (operational 1880) stands on the northern headland above the Richmond River at Ballina. With its elevated position it does not need to be a tall structure, and is only 7.6 metres high, the same size as the Fingal light, and the one that was at Yamba until 1955.

Elevation: 35 metres asl

Location:

Latitude 28°52' S
Longitude 153°36' E

Designer: James Barnet

Range: 17 nm
